HIPAA Information and Consent Form

The Health Insurance Portability and Accountability Act (HIPAA) provides safeguards to protect your privacy. Implementation of HIPAA requirements officially began on April 14, 2003. Many of the policies have been *our* practice for years. This form is a "friendly" version. A more complete text is posted in the office.

What this is all about: Specifically, there are rules and restrictions on who may see or be notified of your Protected Health Information (PHI). These restrictions do not include the normal interchange of information necessary to provide you with office services. HIPAA provides certain rights and protections to you as the patient. We balance these needs with our goal of providing you with quality professional service and care. Additional information is available from the U.S. Department of Health and Human Services. www.hhs.gov

We have adopted the following policies:

1. Patient information will be kept confidential except as is necessary to provide services or to ensure that all administrative matters related to your care are handled appropriately. This specifically includes the sharing of information with other healthcare providers, laboratories, health insurance payers as is necessary and appropriate for your care. Patient files may be stored in open file racks and will not contain any coding which identifies a patient's condition or information which is not already a matter of public record. The normal course of providing care means that such records may be left, at least temporarily, in administrative areas such as the front office, examination room, etc. Those records will not be available to persons other than office staff. You agree to the normal procedures utilized within the office for the handling of charts, patient records, PHI and other documents or information.
2. It is the policy of this office to remind patients of their appointments. We may do this by telephone, e-mail, U.S mail, or by any means convenient for the practice and/or as requested by you. We may send you other communications informing you of changes to office policy and new technology that you might find valuable or informative.
3. The practice utilizes a number of vendors in the conduct of business. These vendors may have access to PHI but must agree to abide by the confidentiality rules of HIPAA.
4. You understand and agree to inspections of the office and review of documents which may include PHI by government agencies or insurance payers in normal performance of their duties.
5. You agree to bring any concerns or complaints regarding privacy to the attention of the office manger or the doctor.
6. Your confidential information will not be used for the purposes of marketing or advertising of products, goods or services.
7. We agree to provide patients with access to their records in accordance with state and federal laws.
8. We may change, add, delete or modify any of these provisions to better serve the needs of the both the practice and the patient.
9. You have the right to request restrictions in the use of your protected health information and to request change in certain policies used within the office concerning your PHI. However, we are not obligated to alter internal policies to conform to your request.

I, _____ date _____ do hereby consent and acknowledge my agreement to the terms set forth in the HIPAA INFORMATION FORM and any subsequent changes in office policy. I understand that this consent shall remain in force from this time forward.

NYC Dental Professionals

Financial Policy

We are committed to providing you with the best possible care and we are pleased to discuss our professional fees with you at any time. Your clear understanding of our financial policy is important to our professional relationship. Please ask if you have any questions about our fees, our financial policy or your financial responsibility.

By signing below you agree to be financially responsible for dental services provided.

If you have Dental Insurance, provide us with a current insurance card. You are responsible for payment of any co-pay, deductible, co-insurance amount or non-covered services.

Payment is expected at the time of the visit/service. We accept cash, credit card and checks.

DENTAL DHMO

Acceptance of DHMO Insurance by this office is subject to co-pays of which the patient is responsible for on the date of service(s) rendered. Please refer to your individual DHMO fee schedule for exclusions, limitations and fee guidelines.

DENTAL PPO

Acceptance of your PPO Insurance Assignments by this office does not absolve the patient of full responsibility for the charges in full of treatment rendered. The estimate provided by this office is to be considered a guideline until the final insurance payment is received and the patient's account has been reconciled. We will process your claims to maximize your benefits; however, we make no guarantee of the insurance payment as estimated.

SPECIALISTS

All appointments requiring treatment with a Specialist (Oral Surgeon, Periodontist, Endodontist) require a \$100 deposit. The deposit will be applied to any copay that is due at the time of service. Deposits will not be returned if appointments are missed or cancelled.

Patient Consent for Electronic Prescribing

NYC Dental Professionals has implemented e-prescribing as part of an on-going effort to improve your health care. E-prescribing refers to a system used to submit prescriptions electronically to a pharmacy of your choice. By eliminating paper, e-prescribing creates a more efficient and safer process for patients to access their medications.

This electronic process helps to prevent, and in some cases eliminate, the top reasons for prescription errors—including illegible hand-writing, incorrect dosing, and missed drug/allergy reactions—which improves patient safety and helps to control ever increasing medication costs due to medication errors.

E-prescribing systems also store and transmit your prescription information and medication history so that your health care providers and health insurers may quickly obtain information about the drugs covered under your benefit plan as well as the drugs you may already be taking to minimize the number of adverse drug events.

By signing below, you provide your consent for NYC Dental Professionals and its providers to electronically submit your prescriptions
